Dallas Fire-Rescue Internal Affairs

Our Mission is to protect the vision

Public Safety Committee
August 10, 2015
Due to the sensitive nature of this responsibility, in many departments, officers working internal affairs report directly to the agency's chief.
Chief Dodd Miller states the time may have arrived for a full time Internal Affairs Division.

Department had been using Arson Investigators due to police certification and investigative training, but the arson case workload was increasing.

Internal Affairs would report directly to the Fire Chief.
History in Dallas Fire-Rescue

1977 Assigned a Battalion Chief
   Titled: Administrative Aide
   Reported directly to the Fire Chief
1980 Assigned a Section Chief from Arson
   (due to law enforcement capability)
1988 Added a Captain position
   Titled: Administrative Affairs Unit
1991 Added an Office Assistant
   Added a Lieutenant position

1997 Upgraded the Lieutenant to Captain
1999 Titled: Internal Affairs Division
   Began Reporting to Assistant Chief
2014 Obtained Internal Affairs Software “IAPro”
Internal Affairs

Primary investigative unit for the Department with respect to rule violations and complaints

Exists to protect the rights of our members and the citizens we serve

- Protects employees from unjust allegations
- Ensures an avenue of redress for citizens and members and their reasonable expectation for the delivery of fair, legal and courteous service
Responsibility

Complete, objective, thorough and prompt investigations to:

• Clear the innocent
• Establish guilt
• Facilitate suitable disciplinary action

Based on the premise that discipline is a function of command and a well disciplined department is one which voluntarily and ungrudgingly conforms to rules and orders
Through the complete objective investigation of employee conduct, the Fire Chief is provided with sufficient information to assist in the making of decisions relative to the continued delivery of professional fire-rescue services to the citizens of Dallas.
- The Charter of the City of Dallas places sole authority for discipline on the Fire Chief
- The Chief is therefore the final authority on whether an employee violated a departmental rule or regulation

- The Chief delegates the responsibility of fully investigating allegations of inappropriate actions and accurately reporting the facts discovered
Sworn (Uniformed) Members
Staffed by personnel from Arson Investigation
Commanded by a Section Chief and staffed by two Captains
  • Peace Officer Certification
  • Fire and Arson Investigation Certification
  • Certified Breath Alcohol Technician (BAT)

Non-Sworn (Civilian) Member
Office Assistant II D
Criminal Justice Information System (CJIS) clearance

Current Staffing of Internal Affairs
Requirements for Assignment to Internal Affairs

1. Employment history that does not reflect a history of recent disciplinary actions or excessive complaints

2. Interpersonal skills

3. Writing skills

4. Investigative experience

5. Possess an understanding of the Department's philosophy toward internal discipline and a general mental aptitude to conduct impartial investigations
On Call Officer

1. A Duty Officer will be available 24/7 by cell phone to assist with any requests for Internal Affairs assistance outside normal working hours.

2. Some situations where Internal Affairs may be needed include the following:
   
   A. The scene of member involved shooting incidents
   B. All requests for assistance relative to disciplinary matters
   C. Reasonable suspicion or other alcohol or controlled substances related issues
   D. Arrest of members
Alcohol and Controlled Substance Programs Coordination

**Random Testing**

Contract agency tests approximately 1,200 sworn members each year

**Reasonable Suspicion Testing**

Supervisor requests test based on knowledge or observation of suspected substance abuse

**Rehabilitative Testing**

*After first offense:*

- Chief may determine member will be placed in program due to history or disciplinary action.
Random Testing Guidelines

- Medical Review Officer (MRO) confirms a positive test

- May require the member be placed on Administrative Leave pending the investigation

- Will initiate an IA investigation by order of the Chief

- Sustained allegation will result in disciplinary action
Reasonable Suspicion Testing Guidelines

• Internal Affairs will be the Coordinator with the officer requesting the test and the contract company.

• A confirmed positive test may require the member be placed on Administrative Leave pending the investigation.

• A confirmed positive test will initiate an IA investigation by order of the Chief.

• An officer must fill out a form articulating specific observable facts and reasons for requesting the test.

• The Deputy Chief must observe the member and confirm the supervisors information for testing.
Rehabilitative Testing Guidelines

- The Chief may order a member into rehab testing in lieu of termination or in addition to other disciplinary measures.

- A confirmed positive test may require the member be placed on Administrative Leave pending the investigation.

- A confirmed positive test result will initiate an IA investigation by order of the Chief.

- A sustained allegation usually results in termination.
Complaints

1. Incoming complaints are assigned by Incident types:

## Narrative

The cause of this fire is accidental due to the use of illegal fireworks. A brush pile located on the curb of this location burned when roman candles landed adjacent to the pile before being extinguished by firefighters. The structure did not incur any loss as the brush pile was located approximately thirty feet away from the residence. A citation was issued to the parents of the children who admitted to the violation. Engine 31 responded to the incident. Insurance information is unknown.

### Narrative

This is an accidental vehicle fire that resulted from an employee who spilled gasoline from a metal gasoline container on the hot exhaust of a gas water pump. The spilled gasoline ignited on the hot exhaust and spread to the gasoline can, burning the left forearm of the employee. The fire caused heavy damage to the tires, engine, and passenger compartment of the vehicle. The employee was transported to Parkland Memorial Hospital for treatment of his injuries. Engine 41 was the first arriving company. Insurance information is unknown.

SUBJECT: Upcoming Agenda Item #21 on the August 12, 2015 Council Agenda - Authorize a Memorandum of Agreement and related business associate agreement with the North Central Texas Trauma Regional Advisory Council (NCTTRAC) for an emergency medical information management suite for access and use of data

The North Central Texas Trauma Regional Advisory Council (NCTTRAC) has a variety of sophisticated electronic information systems, including a regional emergency healthcare patient registry, that are in place for its membership to capture data and information in a safe and efficient manner. To properly manage the end users of these resources, the staff and legal counsel for NCTTRAC have developed the Emergency Medical Information Management Suite (EMIMS) Memorandum of Agreement (MOA) for healthcare members to sign.

The primary purpose for executing this agreement is for Dallas Fire-Rescue to become a participant in the NCTTRAC regional emergency healthcare patient registry (REG*E). REG*E is a nineteen-county database for hospital and EMS patients managed by NCTTRAC for decision support in the areas of public education, professional development, performance improvement, and grant writing, among others.

The Dallas Fire-Rescue Department is seeking recommendation from the Public Safety Committee to authorize the execution of a Memorandum of Agreement and related business associate agreement between the City of Dallas and The North Central Texas Trauma Regional Advisory Council (NCTTRAC). This item will be placed on the City Council Agenda on August 12, 2015.

SUBJECT: Upcoming Agenda Item #50 on the August 12, 2015 Council Agenda - Authorize (1) the acceptance of a grant from the U.S. Department of Homeland Security under the Emergency Management Performance Grant Program for the period October 1, 2014 through March 31, 2016 in an amount not to exceed $177,543; and (2) execution of the grant agreement

In July of 2015, the Department of Homeland Security announced grant funding for the 2015 award year for the Emergency Management Performance Grant. As a designated recipient of this funding, the City of Dallas has applied for and been awarded $177,542.54 to build our capacity to prevent, protect against, respond to, and recover from a terrorist attack or natural disaster.

This funding will provide reimbursement for up to 50% of allowable costs for the Office of Emergency Management’s FY15 budget, up to $177,542.54.

EMPG is a yearly grant from the Federal Emergency Management Agency (FEMA) awarded to local emergency management departments to help develop and maintain plans to respond to all-hazards incidents. Funds are used to reimburse salaries for OEM staff and other costs associated with running the Emergency Management program.

The Office of Emergency Management is seeking the support and recommendation of the Public Safety Committee to accept the Emergency Management Performance Grant. This item will be placed on the August 12, 2015 City Council Agenda.

SUBJECT: Upcoming Addendum item on the August 12, 2015 Council Agenda - Authorize a two-year contract, with one two-year renewal option, with the Physicians for Children d/b/a Children's Health Pediatric Group (CHPG) for Mobile Community Healthcare Program services related to CHPG’s coordinated care of high-risk patients, to be provided by the Dallas Fire-Rescue Department for the period August 12, 2015 through August 11, 2017

The Dallas Fire-Rescue Department (DFR) Mobile Community Healthcare Program (MCHP) officially began service delivery in March of 2014. This program has been designed to provide healthcare system navigation, education and psycho-social service assistance to a targeted group of high-frequency 911 patients through scheduled in-home visits. MCHP paramedics identify critical areas of need for these individuals and work with an extensive network of community providers to meet those identified needs. In addition, due to healthcare reform initiatives, hospital-based healthcare providers are seeking solutions to a number of challenges. Among these are readmission penalties and the cost of healthcare delivery for high-frequent utilisers of their emergency department. Through contractual arrangements the DFR’s MCHP is uniquely positioned to assist these providers with filling certain existing gaps in the healthcare delivery process.

The primary purpose for executing this contract is for Dallas Fire-Rescue to have an effective partnership with Children's Health Pediatric Group to address current and future challenges of healthcare delivery for identified high-risk pediatric patients.

The Dallas Fire-Rescue Department is seeking recommendation from the Public Safety Committee to authorize the execution of a contract between the City of Dallas and the Physicians for Children d/b/a Children’s Health Pediatric Group. This addendum item will be placed on the City Council Agenda on August 12, 2015.

SUBJECT: Upcoming Agenda Item on the August 26, 2015 Council Agenda - Authorize Supplemental Agreement No. 1 to the contract with Alliance Geotechnical Group, Inc. for Construction Materials Testing for the construction of the replacement Fire Station 44, located at 2025 Lagow Avenue.

Materials Testing is a standard Owner’s responsibility on construction projects involving mostly checking the structural integrity of placed materials during the progress of the work. The purpose of this amendment is to increase the contract amount for required Materials Testing. Estimating the total testing that will be needed during the construction process cannot be determined with precision in advance.

Public Works is seeking recommendation from the Public Safety Committee to authorize Supplemental Agreement No. 1 to the contract with Alliance Geotechnical Group for construction Materials Testing for the replacement Fire Station 44, located at 2025 Lagow Ave. This item will be placed on the City Council Agenda on August 26, 2015.
